

NOTICE

Summer Virtual Internship through GeoVigyan for M.Sc. Geography Students

All M.Sc. Geography students are hereby informed that GeoVigyan is offering a Summer Virtual Internship Programme for students interested in Geography, GIS, Remote Sensing, Environmental Studies, and related disciplines.

The internship provides an excellent opportunity to gain practical exposure, enhance technical skills, and learn from experts through online mode. Students can participate from home and complete the assigned activities as per the programme schedule.

Key Features:

- Online/Virtual Mode
- Training in Geography and Geospatial Technologies
- Project-based Learning
- Certificate on Successful Completion
- Opportunity to Develop Research and Technical Skills

Interested students are encouraged to register and participate in the programme at the earliest. They should regularly check the official GeoVigyan platform for updates regarding registration, eligibility, schedule, and internship guidelines.

All concerned students are advised to inform their Teacher Supervisor after registration.

Internship Coordinator
Dr. Sudesh Yadav
